Hi Dineo / Rachael,

Please could you advise on below.

Its either correct or incorrect?

Reason is that we are outlaying funds to our agents for multiple port calls at 3 RSA ports based on a possible incorrect tariff, this sums up to a huge amount.

Best Regards

Subject: TNPA Increase of 11.65% for tugs

Dear Dineo,

As per telcon a few minutes ago, I have compared the TNPA 2010 tariff to this year (especially on tugs) and found the ffg:

Understand the format on calculations for tugs cost has changed, in addition to this have noted an increase of 11.65% compared to 4.49% as agreed.

My calculations below –

Vessel's **GRT 61 321**

2010

$61321 - 28300 = 33021$

$33021 / 100 = 330.21$

$330.21 * 21.84 = R 7 211.79$

$R 27 672.85 + R 7 211.79 = R 34 884.64$

2011

$61321 - 50000 = 11321$

$11321 / 100 = 113.21$

$113.21 * 16.36 = R 1 852.12$

$R 37 096.88 + R 1 852.12 = R 38 949.00$

2011 vs 2010 = 11.65%

I have calculated the PLZ tariff as well and same percentage increase.

Pls advise?

Best Regards
